INTRODUCING NEW Z SERIES IRONS

FORGED ON TOUR

The world's best players know what makes a great iron, so we tapped our tour staff for their invaluable input during development of our latest iron sets. Engineered in partnership with some of the world's greatest golfers, these latest irons are our best looking and highest performing yet. Introducing new Z Series Irons. Built to perform and forged on tour.

Z 785 IRONS

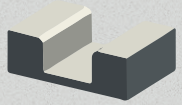
Z 585 IRONS | U85 UTILITY COMBO

Z 785 IRONS | U85 UTILITY COMBO

FORGED MEETS CUTTING-EDGE

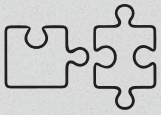
Engineered for performance and crafted with confidence-boosting visuals, new Z 585 Irons enhance distance, new Z 785 Irons enhance workability, and new Z U65 Utility Irons enhance long iron forgiveness.



MORE SPIN leads to more control thanks to deeper grooves and laser face milling.

SOFT FEEL with forged distance, forged workability, or forged forgiveness.

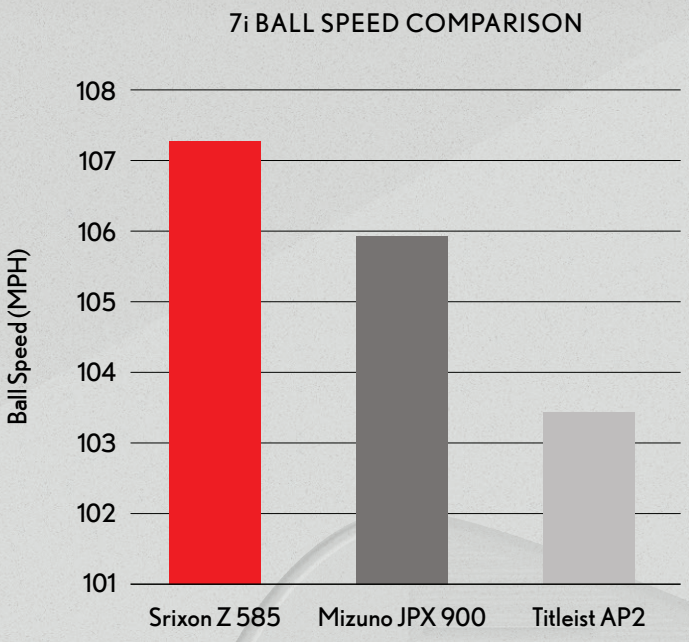
CONSISTENT STRIKES with effortless turf interaction from the newly refined Tour V.T. Sole.



CUSTOMIZED for your game with intuitive combination sets.

DISTANCE & FEEL IRONS | Z 585

Conquer the course with enhanced distance but do it with the look and feel of a compact player's iron.



TOUR VT SOLE

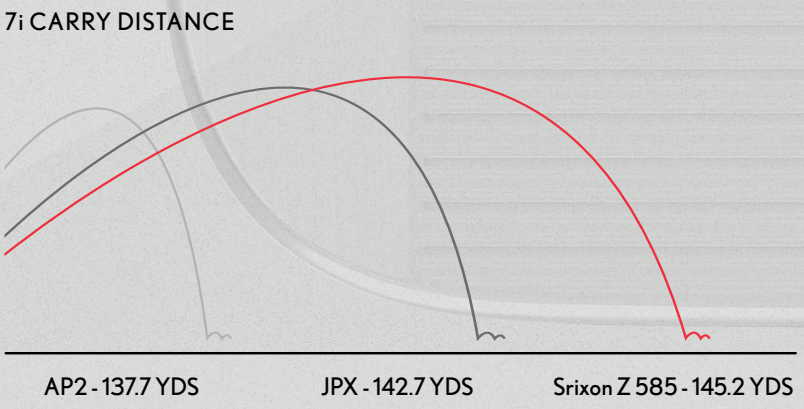
Get consistent ball strikes with smooth turf interaction. Plus, long irons feature wider soles for extra forgiveness.

SPEED GROOVE

An internal channel on the SUP10 face insert allows for more face-flex, enhancing speed and distance.

FORGED CONSTRUCTION

Forged body from soft 1020 carbon steel offers less vibration and a better feel through impact.



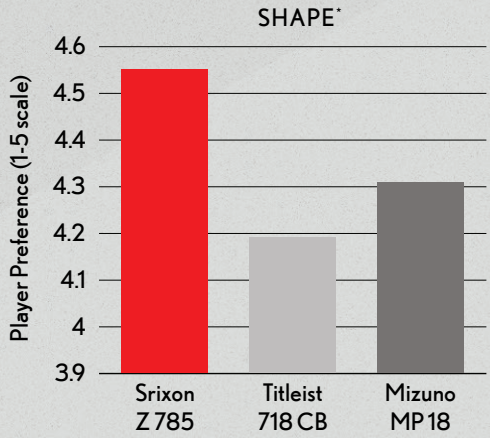
Ball Speed and Carry Distance results from player test with 25 participants. Each participant hit 5 shots with each club with each stock S-Flex 7 irons including Srixon Z 585, Mizuno JPX 900, and Titleist AP2. Ball Speed and Carry Distance were measured using Trackman launch monitor.

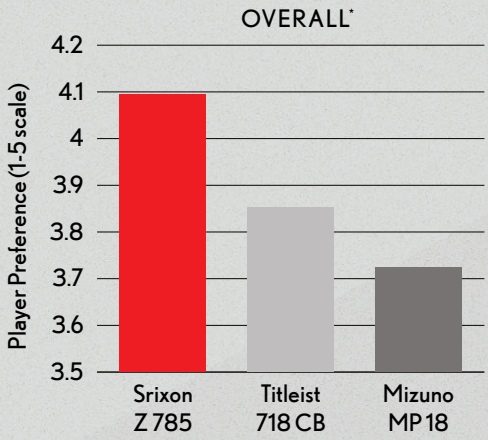
WORKABILITY & FEEL IRONS | Z 785

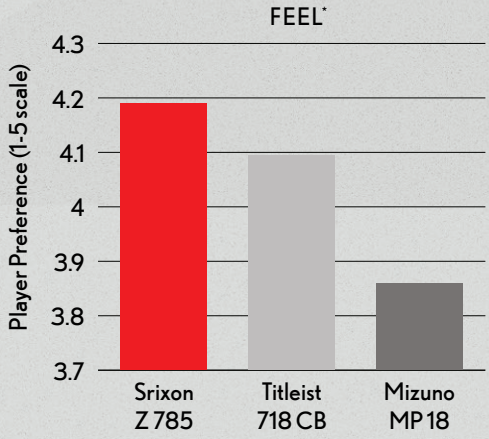
A player's compact shape provides a blade-like address profile while updated weighting maximizes versatility and shot-shaping.

PREFERRED SHAPE, FEEL, AND PERFORMANCE

Players prefer Srixon Z 785 over top tour competitors in key aspects of iron design.







TOUR VT SOLE

A newly redesigned Tour V.T. Sole provides even more consistent ball striking while maintaining enough versatility to execute any shot.

TOUR CAVITY

Extra mass behind your impact location allows for powerful shot-shaping with increased versatility.

FORGED CONSTRUCTION

Forged from a single billet of soft 1020 Carbon Steel for exceptional feel.

"MY Z 785 IRONS ARE EXACTLY WHAT A PLAYER'S IRON SHOULD LOOK LIKE."

- KEEGAN BRADLEY -

"I DIDN'T THINK THE FEEL COULD BE ANY BETTER THAN MY LAST SRIXON IRONS...BUT I WAS WRONG."

- GRAEME MCDOWELL -

"I STARTED PLAYING SRIXON IRONS EVEN BEFORE I WAS ON CONTRACT. THEY'RE THAT MUCH BETTER."

- ERNIE ELS -

*Feel, Shape, and Overall ratings based on average rating from 25 consumer testers of 7 irons, including Srixon Z 785, Titleist 718 CB, and Mizuno MP 18. Each player hit 5 shots with each club, then gave ratings from 1 to 5, with 5 being the best, for Feel, Shape, and Overall.

FORGIVENESS & FEEL UTILITY | Z U85

Compact, hollow-body long irons are longer and more forgiving than traditional designs yet still provide total control from the tee or fairway.

THE #1 UTILITY IRON ON TOUR

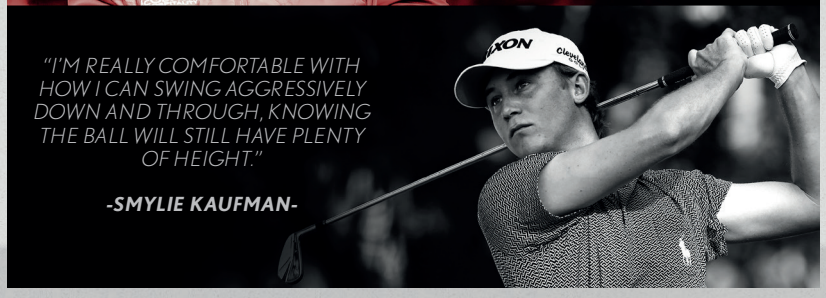
With their incredible distance, accuracy, and feel, it's no surprise Z Series Utility Irons are #1 on tour.

"THE DESIGN JUST GETS THE BALL IN THE AIR. IT'S REALLY A GREAT CLUB. OUT OF THE ROUGH IT'S AS GOOD. MY LAUNCH IS UP AT LEAST 10 FEET."

-ERNIE ELS-

"I CAN HIT IT OFF THE TEE QUITE FAR. INTO THE GREENS I CAN HIT IT HIGH, LAND IT SOFT, AND GET IT TO STOP. IT'S THE PERFECT UTILITY IRON FOR ME."

-SHANE LOWRY-



"I'M REALLY COMFORTABLE WITH HOW I CAN SWING AGGRESSIVELY DOWN AND THROUGH, KNOWING THE BALL WILL STILL HAVE PLENTY OF HEIGHT."

-SMYLIE KAUFMAN-

FULLY HOLLOW

Hollow construction creates controllable long irons. Get forgiveness with a high-launch trajectory.

FORGED CONSTRUCTION

Ultra-soft 1020 carbon steel combines with a high-strength SUP10 face to give you soft feel and unmatched distance.

IRON-LIKE ADDRESS PROFILE

A clean, inspiring design boosts your confidence on the tee or in the fairway.

IRONS | Z 585

Conquer the course with enhanced distance but do it with the look and feel of a compact player's iron.

KEY INNOVATIONS:

Speed Groove

A new internal channel on the SUP10 face insert allows for more face-flex, enhancing speed and distance.

Updated Tour V.T. Sole

Get consistent ball strikes with smooth turf interaction. Plus, long irons feature wider soles for extra forgiveness.

Forged Construction

A body forged from soft 1020 carbon steel offers less vibration and a better feel through impact.
