

START SEEING DOUBLE

NEW Q-STAR TOUR DIVIDE

Double the color means two new ways to see the game: First, see your line on every putt with a 360° alignment line. Then, see your spin on every wedge shot with a unique strobe effect that'll help you improve your short game. It's all that, plus the same drive-boosting, chip-stopping performance you'd expect from Srixon. Introducing the all-new Q-STAR TOUR DIVIDE.
