

Q-STAR TOUR

The new Q-STAR TOUR is our softest ball with tour-level performance. Get tour-caliber spin and distance from its 3-piece construction and urethane cover, along with exceptionally softer feel than traditional tour balls.

FastLayer Core

The FastLayer Core offers distance and soft feel without compromise due to a gradual transition from soft inner core to firm outer edge.

Swing Speed:

75+ MPH

Launch:

Mid-High

Greenside Spin:

High

Spin Skin with SeRM

A urethane coating with flexible molecular bonds digs deep into wedge and iron grooves for increased friction and maximum spin.

SPECS

Construction	3PC
Cover Material	Urethane
Cover Thickness	.5mm
Compression	72
Dimple Number	338

New Alignment Aid

New longer side stamp helps align those critical putts.

Available in both Pure White and Tour Yellow.

338 Speed Dimple Pattern

Providing a penetrating ball flight in all conditions, the optimal dimple design increases lift and reduces drag to maximize distance.
